

News Photographer

Applicants with a degree and at least 1 year's experience preferred, but we will train the enthusiastic candidate who demonstrates a passion for shooting news video.

Must have a valid driver's license; and must be willing to work nights and weekends.

WMGM-TV (NBC40), The South Jersey News Channel, has an immediate full-time opening on its News photography staff. We are looking for a self-motivated, creative storyteller with strong editing skills. We shoot and edit DVC-Pro. (Please note: we may be in the Philly DMA, but we only serve several counties in South Jersey.)
